IVECO

ECOSTRALIS

TÜV SÜD CERTIFICATE

IVECO fuel consumption comparison results:
hereby TÜV SÜD certifies that IVECO ECOSTRALIS has achieved the following fuel saving results compared to a standard Stralis vehicle configured for a long haul mission:

Test 1 – at a constant speed of 86 Km/h
AS-L440S46TPECO vs AS-L440S45TP (reference vehicle): -4,77%

Test 2 – at a constant speed of 86 km/h
AT-N440S46TPECO vs AS-L440S45TP (reference vehicle): -9,79%

Test 3 – at variable motorway speed
AS-L440S46TPECO vs AS-L440S45TP (reference vehicle): -7,32%

Notes:
- All vehicles (included reference vehicle) are equipped with most required options for long haul mission, in particular automated gearbox, retarder (except AT vehicle), low rolling resistance tyres, high roof with aerodynamic kit.

- Additional information concerning test procedures, vehicle configurations and test-tracks are detailed in document 6335115924 released by TÜV in September. The document is available from the IVECO dealers or **from www.iveco.com.**
